

NCAECIC

What Do We Do?

We provide a unified organization of professionals involved with hospitalized and homebound students.

We also:

- 1. Promote the welfare and education of chronically ill students.**
- 2. Impact legislation regarding services to chronically ill students.**
- 3. Compile and disperse information regarding current trends in educating chronically ill students.**
- 4. Sponsor an annual conference.**
- 5. Award annual scholarships to students with chronic illness wishing to further their education.**

Mission Statement

The purpose of NCAECIC is to enhance the mental and physical health of chronically ill children through education, service, advocacy, research, and the establishment of best practices.

Rob Gothson, Jr. Scholarship

The Rob Gothson Jr. Scholarship was named in memory of past president Rob Gothson, Jr, who first envisioned the scholarship. Annual scholarships are awarded to students with chronic illnesses who wish to further their education. Please contact us for nomination and donation forms.

Current Legislative Issues

- Nurses are needed in every public school in North Carolina
- Homebound students need consistent quantity and quality education services across school systems
- Flexibility in state testing in hospital schools
- Modification on procedures for enrolling students in hospital schools
